

## ALU HONEY COMB SANDWICH PANEL

### DESCRIPTION

SANDWICH PANEL ALU HONEY COMB is a super light sandwich panel with a structure of a lightweight aluminium honeycomb core and waterproof bonded marine plywood on each side. The plywood as well as the honeycomb can vary in thickness and weight.

**SANDWICH PANELS ALU HONEY COMB** have excellent construction properties. The panels are made in standard sizes as well as special structures.

Our SANDWICH PANELS ALU HONEY COMB are used in motor and sailing yachts, buses and coaches, houses, offices, theatres and furniture.
